

## **Arts For All**

# **Open Call for Board Members**

#### Arts For All is a registered charitable organization of the

#### Hamilton Conservatory for the Arts, dedicated to providing access to the arts for all.

AFA delivers innovative arts programming, mentorship and employment opportunities that foster civic engagement making arts accessible in the greater Hamilton region. It specializes in working with partners to be 'art-ready' — in space, in staff, and in thought. AFA sees the arts as training for the future for all areas of life by nourishing a community's assets, making organizations more innovative, and stretching our imaginations and possibilities.

Founded by Vitek Wincza in 1999 (as Culture for Kids in the Arts), through his experiences in recognizing how arts programs can motivate and inspire learning, Vitek's passion to remove barriers for access to the arts ignited this dream. From this dream he and his team designed innovative arts education and community arts programming for children and youth and professional learning access for practicing and emerging artists.

Arts For All is managed by a volunteer Board of Directors that oversees the organization with the goals of stewarding and expanding partnerships and opportunities, guiding best practices, advocating for arts access, and generating excitement through the promotion of AFA's mission to provide **arts every day**, **everywhere, for everyone.**
